# ABOUT US

---

We are a forward-thinking energy servicing company dedicated to revolutionizing how energy is harnessed, distributed, and utilized. We are positioned to undertake intricate projects for diverse clients in the energy sector. Our expertise work is characterized by meticulousness and transparency. We prioritize adherence to budgets and punctual delivery without sacrificing quality. At VESTA ATLANTIC, we firmly believe that our commitment to excellence distinguishes us and will undoubtedly pave the way for new opportunities in the future.

At VESTA ATLANTIC, we are dedicated to ensuring that all our projects are executed to the highest attainable standards. We place significant emphasis on rigorous Project Management and standardized QA control procedures. Our team of skilled professionals plays a crucial role in upholding these standards, guaranteeing continuous monitoring of quality and progress across all projects.

# OUR MISSION AND VISION

---

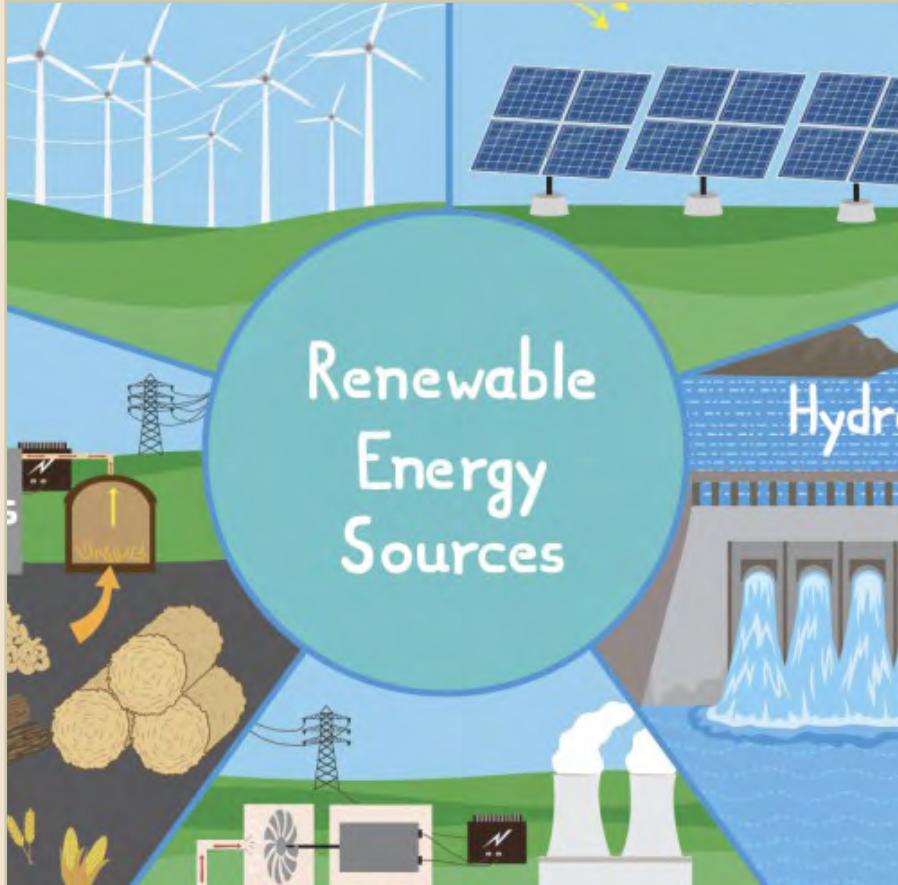

## Mission

To offer the best effective services to the satisfaction of our clients by delivery of projects on, within budget and no compromising on HSE & quality control.

## Vision

To be an indigenous and ingenious organisation leading in the delivery of Technical services, quality control, procurement and equipment supply, in rendering quality services to our clients through the integration of our well-motivated and skilled personnel with the aim of assisting our clients to achieve their organisation goals is our utmost desire.

# OUR COMMITMENT TO SUSTAINABILITY

## Enabling Renewable Sources

Transitioning towards solar, wind, and hydro energy to minimize carbon footprint.

## Energy Efficiency

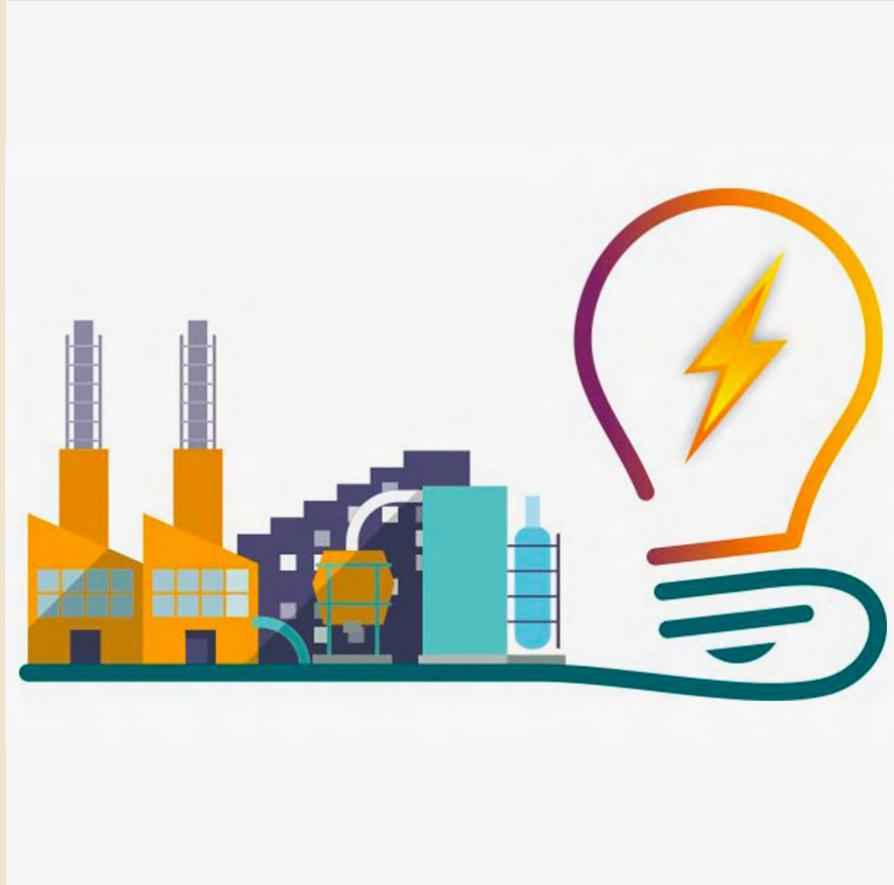

Employing cutting-edge technologies to optimize energy consumption and reduce waste.

## Community Involvement

Investing in local communities and upliftment through sustainable energy projects.

# RENEWABLE ENERGY SERVICES

## Energy Audits

Thorough assessments to increase energy efficiency and identify cost-saving opportunities.

## Renewable Installations

Full EPCI services for solar-powered mini-grids, facilitating the electrification of underdeveloped areas.

## Solar Panels

Provision of cutting-edge, cost-effective equipment for solar energy generation and administration.

# OIL AND GAS SERVICES

## Procurement

Procuring premium-grade equipment globally across various sectors including marine, upstream, and downstream industries.

## PPE Supply

Delivering safety equipment sourced from globally recognised partners while leveraging emerging local talent to fulfil your safety needs.

## Drilling & Production Fluids

Tailored drilling and production fluids crafted and engineered to enhance drilling and production efficiency.

# HUMAN RESOURCES SERVICES

## Technical Manpower Supply

Providing and overseeing a cadre of highly skilled, accredited, and thoroughly vetted technical personnel tailored to match the specific requirements of each project.

## Organization Design & Alignment to Business Objectives

We assist businesses in aligning their organizational structure and processes with their strategic goals, enabling them to operate efficiently and effectively.

## Manpower Development

Our training and development programs are designed to enhance the skills and capabilities of your workforce, ensuring they remain competitive in today's rapidly changing business environment.

# HUMAN RESOURCES SERVICES

## Training Resourcing

We offer end-to-end training solutions, including content development, instructional design, and training delivery, to meet your organization's specific learning objectives.

## Leadership & Operational Learning Design & Delivery

We provide comprehensive leadership development initiatives that empower your leaders to drive innovation, manage change, and inspire high-performance teams.

## Talent Management

Our talent management strategies help you attract, develop, and retain top talent, ensuring a strong pipeline of future leaders within your organization.

# HUMAN RESOURCES SERVICES

## Executive Coaching & Mentoring

We provide personalized coaching and mentoring programs for senior executives, enhancing their leadership skills, decision-making abilities, and overall effectiveness.

## Performance Management

Our performance management frameworks help organizations establish a culture of accountability, set clear performance expectations, and drive continuous improvement.

## Project Finance

### Project Financing

Through our collaborations with both international and local institutions, we offer access to project funding at advantageous rates.

### Financial Analysis & Modelling

Drawing upon our in-house expertise, we analyze situations, develop forecast models, and offer contextual insights and recommendations for commercial strategies.
